The Pope Is Dead.

Last Thursday morning Pope Pius X passed away after a few days illness, at the age of eighty years.

The terrible war in Europe caused the aged Pontiff much grief, and no doubt hastened the end.

Just before the pope entered the valley of death he said:

"In ancient times the pope by a word might have stayed the slaughter, but now he is impotent."

"Now I begin to think as the end approaches, that the Almighty in His inexhaustible goodness wishes to spare me the horrors Europe is undergoing."

The pope also addressed an exhortation to the whole world to pray God "to remove the evil causes of war, giving to them who rule to think thoughts of peace and not of affliction."

Bob Mitchell Declines Honors.

"Some men seek honors; some men have honors thrust upon them."

Robt. Mitchell, the well known smelter man who is manager of the La Cobriza Mining Company, of Nogales, belongs to the last named class.

Mr. Mitchell has resided in Arizona many years. He is well known and very popular with thousands of good citizens of all political faiths.

He desires to remain in that enviable position. While he says he is most grateful to his Republican friends who would be guilty of thrusting political honors upon him, by nominating him as one of the Republican candidates for member of the Corporation Commission, he emphatically declines the so-called honors, with thanks.

As manager of a big mining company owning valuable property in the state of Sonora, Mexico, Mr. Mitchell is too busy running in and out of that country, during these troublesome war times, to do any political running in Arizona.

Mr. Mitchell says his decision is final.
